

Alfred Marshall, 1842-1924

Selected Worksⁱ

- *Principles of Economics, 1890*ⁱⁱ
- *Money, Credit and Commerce, 1923*

ⁱ *Note:* This is just a partial list of his main published works. It is by no means an exhausted record of everything Marshall published, but it does represent a sample of some of his most important pieces.

ⁱⁱ Undoubtedly, this book represents Marshall's most important work.
