## John Maynard Keynes, 1883-1946

### Selected Works<sup>i</sup>

- *The Economic Consequences of Peace*, 1919
- *A Tract on Monetary Reform*, 1923
- *A Treatise on Money*, 1930
- *Essays in Persuasion*, 1931
- *Essays in Biography*, 1933
- *The General Theory of Employment, Interest and Money*, 1936<sup>ii</sup>

---

<sup>i</sup> Note: This is just a partial list of his main published works. It is by no means an exhausted record of everything Keynes published, but it does represent a sample of some of his most important pieces.

<sup>ii</sup> Undoubtedly, this book represents Keynes' most important work.
